TOPIC ONE

Ask the Doctor

**WEDNESDAY
OCTOBER 27, 2021
6:30PM**

Join us for an open and factual discussion about COVID-19 and vaccinations with Dr. Shenelle Gaston (a Capital District pediatrician and member of Mount Pleasant Baptist Church).

Many have lingering questions and concerns about COVID -19 and its impact on our nation and world. Researchers have developed vaccines to help stop the spread of the disease. Most recently, researchers have developed vaccinations targeted for children under 12. Some parents and guardians are skeptical or uncertain about whether they should allow their children to take this vaccine.

Now what questions do you have about Covid-19?

Please come share them with us.

To best prepare for conversation with the doctor, we ask that you send your questions about this topic in advance to vmoodly@mountpleasantbaptistchurch.org or doris.waiters1@gmail.com.

**This workshop will be held via Zoom, to request the link please email vmoodly@mountpleasantbaptistchurch.org.*
